# **PROGRAM PARTICIPATION & EXPECTATIONS**

The U.S. WIN NEXT Leadership program is geared to women who are in the succession plan for assuming an executive level position within 1 to 3 years. Candidates are nominated by their CEO or CNO to participate in the program, and full participation in the program is required by their immediate managers.

Inclusion in this program is highly selective with approximately 12 women selected per year. A key construct of the program is that it is a self-directed experience; the challenge for the participant is to negotiate competing priorities as they discover, grow, form and lean on their networks, and ultimately invest in themselves as leaders. Successful completion of the program is full immersion in the experiential journey. Participants are required to engage in all aspects. Repeated absenteeism or failure to participate can result in removal from the program.

Request for nominations for the next program cycle begins January 2023.
