

- Start by playing the video short on U.S. WIN's YouTube channel from 2022 Women's History Month: <https://www.youtube.com/watch?v=6lXJdJ8i9Sw> Ask the audience what stood out to them most about the video

Using the Women highlighted in the video short, find short videos/articles to share and discuss. The goal is for members to share their thoughts and experiences. Here's what we came up with:

- Speak to Lise Meitner facts: Nominated 49x; 7x by Planck. Ask Audience their thoughts on how they would respond if this apparent blunder had happened during their lifetimes.
- Post Roberta Kankus article in the chat (no videos found) <https://www.nytimes.com/1976/05/31/archives/woman-nuclear-engineer-some-adverse-reaction.html> Ask the audience if they remember who the first female licensed operator was at their company?
- Tracy Primeau 2-minute video [https://www.youtube.com/watch?v=QWGHl\\_dmjhM](https://www.youtube.com/watch?v=QWGHl_dmjhM) What do you think about the future of the nuclear industry?
- Canadian Women in Nuclear 5-minute video <https://womeninnuclear.com/industry/> Prior to starting the video ask the audience which challenge they have had to overcome as a nuclear professional and then we will talk about it after the video. Second question (asked after the video and the discussion) what are you doing to encourage young girls to participate in STEM programs?
- Post Primeau article <https://medium.com/authority-magazine/inspirational-women-in-stem-and-tech-nuclear-operator-tracy-primeau-of-bruce-power-on-the-5-8fc166deaa58>
- Post this Future outreach/fundraiser idea <https://saugenshorehub.ca/events/143-sports-recreation/5018-parent-and-tot-swim.html>
- Shirley Ann Jackson 4-minute video <https://www.youtube.com/watch?v=NR8s9dnkJxU> What's Dr. Jackson's leadership style? What impressed you most about her accomplishments?
